DSX-1040 Enclosure Layout

DSX-1040 Series Controller and Module placement

The diagram below shows the 1040E enclosure on the left, housing the various controllers with the specialty modules mounted at the top. The 1040PE enclosure on the right shows the placement of the power supplies and the power distribution modules. Not shown are the backup batteries that could be in the bottom of the small enclosure or in a DSX-1040PEB Battery Enclosure.

Controller / Module Placement
